Mini Color CCTV Monitor
VTX025

Video is everywhere...and expected to be everywhere. The Mini color monitor 2.5 lets you place video in small spaces...enhancing security in areas where it did not exist. It's also perfect for portable applications like temporary video monitoring and aligning security cameras.

Features:

- Full feature CCTV color monitor, complete with color and brightness controls. Connects to the CCTV camera via a BNC connector (included).

- Mini Monitor 2.5 uses Intersil's NTSC/PAL single chip video decoder. Reliable and consumes little power.

- LCD: The active matrix color LCD features 480 x 234 pixel resolution (2.5" diagonal).

- Continuous use: Connect the AC adapter for continuous use or recharging the battery.

- Lithium-ion battery: The rechargeable battery is high capacity, lithium-ion with a 4 hour life.

- LED: Red indicates charging. Green indicates On.

- Desk stand and wrist strap (for portable work) included.

Pocket Cat™
Pocket RJ45 / Coax Tester

The perfect tester for both Ethernet (RJ45) and coax cables. Ruggedized and cushioned for field use. Ethernet test is a complete TIA568 test for opens, shorts, crosses and split pairs. Bright blue LEDs instantly render the PASS/FAIL results. A built-in, hidden drawer stores the remote wiremap adapter. Includes a tone generator compatible with most tone probes.

Features:

- Tests both RJ45 CAt5/6 and coaxial cables.
- Ruggedized for field use. No LCD to break.
- PASS/FAIL results appear in one second.
- Each pair's status is highlighted.
- Complete TIA568 test performed. Continuity, opens/shorts, reversals and split pairs.
- Tone mode for tracing and troubleshooting.
- Belt clip, battery (9V) and pouch included.
